

Salute

Phase: Intermediate
(Gr 4-6) & up

Number of Learners: Three players or more

Purpose:

- Division and multiplication

Materials Needed:

- Playing cards or DIY Playing cards.

How to play:

- Only using the cards number **2 to 10**, remove all of the following cards from the deck (i.e: Jack, Queen, King, Ace and the Joker).
- Players to be put into groups of three, select the "**Captain**". Captain deals one card to each learner face down.
- When the "**Captain**" says "**SALUTE**", each player raises the card to his/her forehead.
- The card must face outward. Each learner may not see their own card.
- The "**Captain**" states the product (total of the two cards multiplied together) of the two cards.
- Each player has to determine the value of the card on his/her forehead by looking at the other learners card and dividing the total by that number.

**DON'T
FORGET
TO HAVE
FUN**
